

HAND HELD AIR POTATO FOR BASEBALL

- Start and stop recording with a hand-held wireless remote
- Video only the action, eliminating useless video recordings
- Get a synchronized video clips from each camcorder for each play
- Easily upload your video into Hudl or other systems
- Create Highlight and recruiting videos
- Give players and parents access to the video to create their own recruiting videos. Easily Tag plays to review with players
- Review plays from different angles. Show the pitch from behind the plate and then show the swing from the baseline
- Control from 1 to 8 camcorders
